## *Nurture Students to meet Aspirations of 21<sup>st</sup> Century*

### **1. Meet the requirements in terms of technology**

The College vision is to provide education in science and technology, the College initiated courses in Electronics and Computer Science since its inception. The staff and the office are equipped with adequate number of computers to implement the modern technologies of 21<sup>st</sup> century. The classrooms are equipped with LCD projectors and computers for effective presentation. The students are equipped with modern technology for their learning process. Many student now have smart phones, laptops etc.. to learn form available e-resource. The students are motivated to use online MOOCS programs for their learning process.

### **2. Learning Centric Quality Education**

The College maintains environment for the students to have a focus on quality educations. The curriculum of the College motivates students for participative learning. Most of the courses are having projects at various levels. In BBA program there are summer projects in the second year and winter projects in third year. The Electronics Department has two projects one in second year and one in third year B Sc. In Computer Science Department students have project in the third year B Sc. BCA students have project in third year. Most of the science stream courses have lab work where students perform practical.

### **3. Motivate students for use of e-resources**

The institute has always promoted of using latest technologies. With the increase of availability of e-resources the students are motivated to use modern e-resources. Some of the faculty members use blogs and YouTube for sharing e-content. Many staff members use platforms like Google Classroom to share e-resources like lecture notes and ppt.

### **4. Employment orientation**

There is a committee in place to handle the placement of the College. The College invites reputed companies for campus interviews every year. Many students have benefited from campus interviews. The list of passed out students is shared with various companies who conduct interviews at their end. Meritorious students are motivated to continue with higher education

### **5. Freedom to express on MySpace**

The College provides a special space on the notice board for students to express themselves. Many students come up with creative articles, drawings and paintings, poetries etc... all the creative articles are scrutinized by a editorial committee before displaying on the notice board. The College intends to start an e-magazine on a regular basis.
